Dear Hiring Manager,

I am excited to apply for the Frontend Developer role at Mobistreak. I am currently studying the MERN stack, gaining hands-on experience in JavaScript, React.js, Express.js, MongoDB, and SQL. My expertise also includes a solid understanding of NoSQL databases, such as MongoDB, which enables me to handle diverse data management needs efficiently.

With a strong foundation in both frontend and backend development, I am skilled in creating dynamic, user-centric applications. I am particularly impressed by Mobistreak's innovative work in call intelligence and analytics, and I am eager to contribute to your team's success with my growing knowledge and enthusiasm for cutting-edge technologies.

I look forward to the opportunity to discuss how my skills and experiences align with the goals of Mobistreak. Thank you for considering my application.

Best regards,

Manmay Rawal
